- or**
- Complete a whole year project with agreement with the class teacher.

2 Assessments

- The assessments need to assess: **knowledge, skills and understanding**.
- These assessments should be **hand written** (excluding practicals and oral assessments in MFL) and **carried out in the classroom**.
- KS3 assessments should be geared towards preparing the students for the KS4 curriculum.
- KS4 and KS5 assessments should be focussed on the AQA curriculum requirements and mirror the exam paper format.
- Students who have access arrangements (see SEN register) must be granted extra time as required.

The number of assessments per subject for each half-term are:

- Minimum of two short assessments** that lead to the End of Unit/Big Assessment
 - Short assessments do not need to be announced in advance.
 - Students can't have a short assessments and End of Unit/Big Assessment in the same subject in one week (excluding retakes).
 - The short assessment should be logged on Classter on the day of the assessment
- One End of Unit/Big Assessment** per half-term.
 - End of Unit/Big Assessment need to be announced 2 weeks before to students **and** logged in Classter.

2.1 Assessment Retake Policy

- An End of Unit/Big Assessment can only be retaken if the student receives < 3.
- All other forms of assessment can't be retaken.

2.2 Assessment and retake responsibilities

Students and teachers have the following responsibilities when completing assessments:

| Student's responsibilities when completing assessments/retakes |
|--|
| <ul style="list-style-type: none">• Responsible for completing the assessments to the best of their ability and honestly.• If the student is sick or on a school trip they must arrange to take the assessment with their subject teacher within one week of returning to school – failure to do so will result in the student receiving 0 for the assessment.• If a student is on holiday when the assessment is written, they will receive a 0 for that assessment and the onus is on the student to organise with the subject teacher a retake of that assessment within one week. This mark will be recorded in the retake column for that assessment on Classter.• Any subsequent retake can be taken one week from their results being given. |
| Teacher's responsibilities for assessments/retakes |
| <ul style="list-style-type: none">• For any missed assessments, the student will be assigned 0 immediately on Classter until the student takes the assessment.• For Short Assessments marking and feedback should occur within 5 working days.• For End of Unit/Big Assessments and retakes, marking and feedback should occur within 10 calendar days.• Provide the students with 1 different assessment for the retake.• Provide time for a supervised retake either during school hours or after school.• Provide an assessment every two to three weeks – this can be either End of Unit/Big Assessment or a Short Assessment. |

3 Academic Honesty

Embassy International School places high value upon academic integrity and honesty. Assessed work should always be the students **own work**.

The following will be **construed as cheating**¹ and result in a **0** for that assessment/exam/mock in the gradebook.

- The **use of AI** on any device during an assessment.
- The **copying** of another students work/answers during an assessment/exam/mock.
- **Plagiarising**² on an NEA or any other assessed work

It is imperative that students comply with the stringent regulations outlined by the examination boards regarding **plagiarism in NEA**, **cheating in the NEA** and **cheating during exams**.

These regulations must be always complied with by **students** and **staff** of Embassy International School.

4 Homework

- The issuing of homework is at the discretion of the teacher.
- Homework can't be added as a grade on Classter.
- Homework should be issued as pre-learning (for example reading a source for History or learning vocabulary in MFL)

- Post-learning for example practising material covered during the lesson or revision for an End of Unit/Big Assessment.

¹ **Cheating** is copying someone else's work, having someone else do your work or collaborating without acknowledging the extent and division of work in collaboration.

² **Plagiarism** is passing off someone else's work or ideas as your own, intentionally or accidentally, by not including references showing where your ideas have come from.
